

PROVIDER GUIDE

HIPAA-secured transfer for Clear Billing Services, Inc.

Open **prism.clearbillingservices.com** on any phone, tablet, or computer. Sign in with your invited work email and MFA login code, accept the PHI screen, then pick a path. Both stay inside Prism. Nothing goes by email, text, or shared Drive.

NEW • RECOMMENDED

Add cases

Enter each case as you finish it, on phone, tablet, or computer. Fastest path. Demographics can follow later and match by MRN or DOS.

CLASSIC • STILL SUPPORTED

Upload PDF

Charge sheets plus demographic sheets for the whole day, week, or whatever you have. One PDF or several. Either is fine. Same paper packet as before, now through Prism instead of email.

How a day moves

1 • ACCESS

Allowlisted work email. Prism emails a single-use MFA login code.

2 • PHI SCREEN

Accept the acknowledgment. Activity is logged for ops review.

3 • CAPTURE

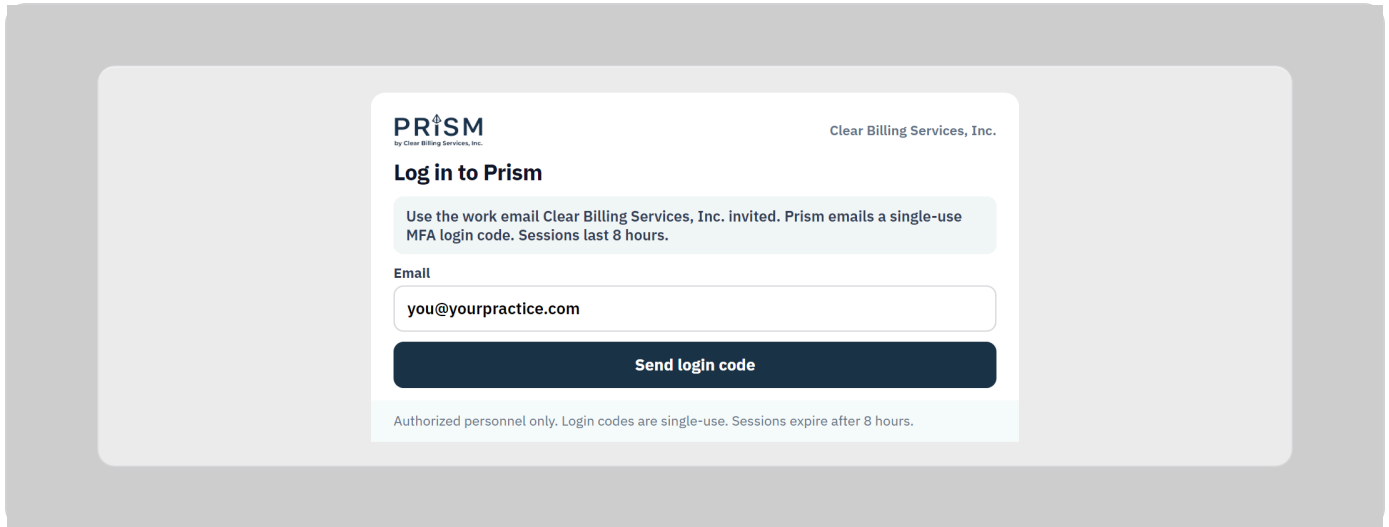

Add case details as you work, quickly, on phone, tablet, or computer. Or Upload PDF.

4 • MATCH

Either path can sync to that MRN or DOS. Demographic sheets can arrive later.

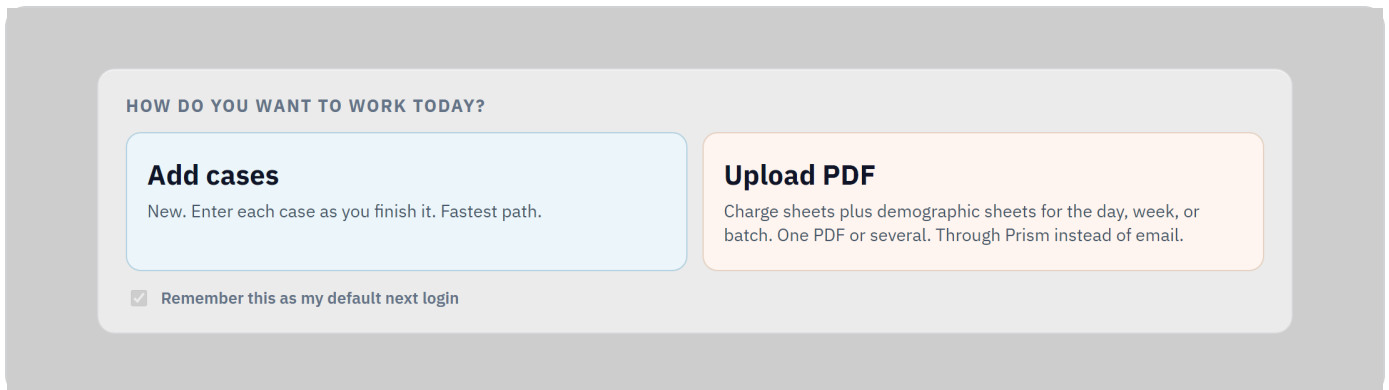

Step 1 • Sign in

Use your invited work email. Prism emails a single-use MFA login code. Accept the PHI screen. Sessions last 8 hours.

A screenshot of the Prism login interface. At the top left is the PRISM logo with 'by Clear Billing Services, Inc.' below it. At the top right is 'Clear Billing Services, Inc.'. The main heading is 'Log in to Prism'. Below it is a light green box with the text: 'Use the work email Clear Billing Services, Inc. invited. Prism emails a single-use MFA login code. Sessions last 8 hours.' Underneath is the label 'Email' followed by a text input field containing 'you@yourpractice.com'. Below the input field is a dark blue button labeled 'Send login code'. At the bottom, a light green box contains the text: 'Authorized personnel only. Login codes are single-use. Sessions expire after 8 hours.'

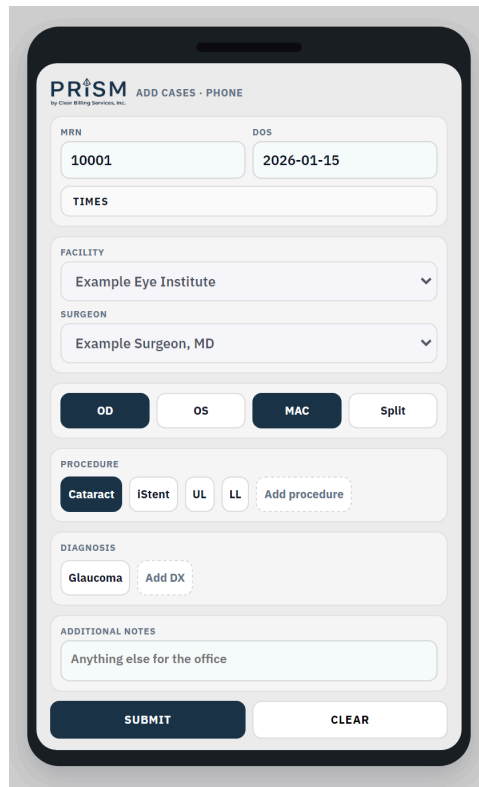

Step 2 • How do you want to work today?

Choose **Add cases** (new, recommended) or **Upload PDF** (classic paper packet). Optional: remember that choice as the default next login.

A screenshot of the 'How do you want to work today?' screen. The title 'HOW DO YOU WANT TO WORK TODAY?' is at the top. There are two main options: 'Add cases' in a light blue box and 'Upload PDF' in a light orange box. The 'Add cases' box contains the text 'New. Enter each case as you finish it. Fastest path.' The 'Upload PDF' box contains the text 'Charge sheets plus demographic sheets for the day, week, or batch. One PDF or several. Through Prism instead of email.' At the bottom left, there is a checked checkbox followed by the text 'Remember this as my default next login'.

Step 3 • Add cases

Custom-built to your practice and workflow. Most-used procedures, diagnoses, and the rest of the form. Enter each case as you finish it. Demographics can follow later and match by MRN or DOS.

The image shows a mobile application interface titled "PRISM ADD CASES - PHONE" by Clear Billing Services, Inc. The form is organized into several sections: 1. MRN and DOS fields with values "10001" and "2026-01-15" respectively. 2. A TIMES field. 3. A FACILITY dropdown menu showing "Example Eye Institute". 4. A SURGEON dropdown menu showing "Example Surgeon, MD". 5. Buttons for "OD", "OS", "MAC", and "Split". 6. A PROCEDURE section with buttons for "Cataract", "IStent", "UL", "LL", and "Add procedure". 7. A DIAGNOSIS section with a button for "Glaucoma" and "Add DX". 8. An ADDITIONAL NOTES text area containing the text "Anything else for the office". 9. "SUBMIT" and "CLEAR" buttons at the bottom.

Step 4 • Upload PDF

Classic path, still supported. Send the charge sheets plus demographic sheets for the whole day, week, or whatever you have. One PDF or several. Either is fine. Confirmation email has no PHI.

Upload PDF: charge sheets plus demographic sheets for the whole day, week, or whatever you have. One PDF or several. Either is fine. This replaced email. Confirmation email has no PHI.

Drop PDF here or browse

PDF only • one file or several • up to 80 MB each

NOTE (OPTIONAL)

Optional note for our office

UPLOAD TO CLEAR BILLING SERVICES, INC.

Received. Confirmation email sent.

HIPAA requirements → what Prism does live

HIPAA expects covered entities and their business associates to protect ePHI with administrative, physical, and technical safeguards. Prism is the transfer channel to Clear Billing Services, Inc. Below is each common requirement and the live control that addresses it.

WHAT HIPAA EXPECTS	WHAT PRISM / CLEAR BILLING SERVICES, INC. RUNS LIVE
Unique user identity and controlled access to systems with ePHI	Cloudflare Access in front of Prism. Invited work email only. Prism emails a single-use MFA login code. No shared office password.
Workforce access management (add and remove people who can see PHI)	Allowlisted identity. Offboarding removes that email from the invite list.
Automatic logoff / session limits so idle access does not stay open	Sessions last 8 hours , then a fresh code is required. Out clears the session immediately.
Transmission security when ePHI moves over a network	All traffic is HTTPS with HSTS through a Cloudflare Tunnel. Not port-forwarded or left open on an office LAN.
Guard against unauthorized viewing in the browser (tampering / embedding)	Browser hardening with security headers that reduce clickjacking and drive-by embedding risk.
Protect ePHI in storage and avoid PHI in casual channels	Cases and PDFs go into Prism's vault. Confirmation emails carry no PHI . No email, text, or shared Drive for charts.
Audit controls and recoverable backups	Sign-in and intake activity are logged. Routine backups on the dedicated host path at Clear Billing Services, Inc. (power, uplink, and backup covered in the fee).

WHY \$49 / MONTH

\$49 / month

Similar secure-transfer stacks with identity, hosting, audit, and support commonly land in the \$200-\$800+ / month range.

Covers the Prism app, secure login, PHI screen, maintenance, dedicated hosting, power, uplink, and backups.
